H1993\_FORMULARY\_2024\_C

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Astiva Health. When it refers to “plan” or “our plan,” it means Astiva Health Savings Plan (HMO) 001, Astiva Health Premier Plan (HMO) 010, or Astiva Health C-SNP Deluxe (HMO C-SNP) 007, or Astiva Health C-SNP WOW (HMO C-SNP) 008.

This document includes list of the drugs (formulary) for our plan which is current as of **04/01/2024**. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

### **What is the Astiva Health, Inc Formulary?**

A formulary is a list of covered drugs selected by Astiva Health, Inc in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Astiva Health, Inc will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at Astiva Health, Inc network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

### **Can the Formulary (drug list) change?**

Most changes in drug coverage happen on January 1, but Astiva Health, Inc may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

**Changes that can affect you this year:** In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the Astiva Health, Inc’s Formulary?”

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
  - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Astiva Health’s Formulary?”

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of **02/01/2024**. To get updated information about the drugs covered by Astiva Health, Inc, please contact us. Our contact information appears on the front and back cover pages. In the case of non-maintenance changes to the formulary throughout the plan year, Astiva Health, Inc. may make changes via errata sheets mailed to you.

### **How do I use the Formulary?**

There are two ways to find your drug within the formulary:

#### **Medical Condition**

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Agents. If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 92. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

### **What are generic drugs?**

Astiva Health, Inc covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

### **Are there any restrictions on my coverage?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Astiva Health, Inc requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Astiva Health, Inc before you fill your prescriptions. If you don't get approval, Astiva Health, Inc may not cover the drug.
- **Quantity Limits:** For certain drugs, Astiva Health, Inc limits the amount of the drug that Astiva Health, Inc will cover. For example, Astiva Health, Inc provides 9 tablets per prescription for sumatriptan. This may be in addition to a standard one month or three-month supply.
- **Step Therapy:** In some cases, Astiva Health, Inc requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Astiva Health, Inc may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Astiva Health, Inc will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Astiva Health, Inc to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Astiva Health, Inc formulary?" on page "v" for information about how to request an exception.

## What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Astiva Health, Inc does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Astiva Health, Inc. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Astiva Health, Inc.
- You can ask Astiva Health, Inc to make an exception and cover your drug. See below for information about how to request an exception.

## How do I request an exception to the Astiva Health, Inc's Formulary?

You can ask Astiva Health, Inc to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Astiva Health, Inc limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Astiva Health, Inc will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

For members who are outside their transition period, and experience a level of care change, in which member is changing from one treatment setting to another (example: LTC to hospital to LTC, hospital to home, home to LTC), upon admission or discharge from a treatment setting or LTC, Astiva Health Inc. will allow the member access to a refill equal to a one-month supply for formulary medications and an emergency one month supply transition fill for non-formulary medications (including Part D drugs that are on Astiva Health's formulary but require prior authorization or step therapy).

This policy does not apply for short-term leaves of absences (i.e. holidays or vacations) from LTC or hospital facilities.

To the extent that an enrollee is outside his or her 90-day transition period, and is in the outpatient setting, The Organization will still provide an emergency supply of non-formulary medications (including Part D drugs that are on a Plan Sponsor's formulary that would otherwise require prior authorization or step therapy under Plan Sponsor's utilization management rules), on a case by case basis, while an exception request is being processed. To the extent that an enrollee is outside his or her 90-day transition period, and is in the LTC setting, The Organization will still provide an emergency supply of Part D covered non-formulary medications (including Part D covered drugs that are on a Plan Sponsor's formulary that would otherwise require prior authorization or step therapy under Plan Sponsor's utilization management rules), while an exception request is being processed.

## For more information

For more detailed information about your Astiva Health, Inc prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Astiva Health, Inc, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 day a week. TTY users should call 1-877-486-2048. Or visit <http://www.medicare.gov>.

## Astiva Health, Inc Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Astiva Health, Inc. If you have trouble finding your drug in the list, turn to the Index that begins on page 92.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., IBU ORAL TABLET) and generic drugs are listed in lower-case italics (e.g., *ibuprofen oral tablet*).

The information in the Requirements/Limits column tells you if Astiva Health, Inc has any special requirements for coverage of your drug.

### Legend

1: Preferred Generics

2: Generics

3: Preferred Brands

4: Non-Preferred Drugs

5: Specialty

6: Select Care

BvD: Part B vs. Part D- This prescription drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

E: Excluded Drug - This prescription drug is not normally covered in a Medicare Prescription Drug Plan and is considered enhanced coverage. The amount you pay when you fill a prescription for this drug does not count toward your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help

## 2024 Part D Comprehensive Formulary

to pay for your prescriptions, you will not get any extra help to pay for this drug. Quantity limits apply and this drug may be covered during the gap period per individual plan design.

GC: Gap Coverage- We provide additional coverage of this prescription drug in the coverage gap. Please refer to our Evidence of Coverage for more information about this coverage.

MO: Mail Order Eligible- This prescription may also be available via mail.

PA: Prior Authorization- You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.

QL: Quantity Limit- There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.

ST: Step Therapy - In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.

<i>sulfasalazine oral tablet delayed release 500 mg</i>	1	MO; GC

### ***Glucocorticoids***

You can find information on the symbols and abbreviations on this table by going to page 10 of the introduction. 2024 Astiva, Formulary ID 24452, Version 10, effective 04/01/2024. Last updated 04/01/2024.

Drug Name	Drug Tier	Requirements/Limits
<i>budesonide er oral tablet extended release 24 hour 9 mg</i>	5	
<i>budesonide oral capsule delayed release particles 3 mg</i>	4	
<i>hydrocortisone rectal enema 100 mg/60ml</i>	4	

## METABOLIC BONE DISEASE AGENTS

### *Metabolic Bone Disease Agents*

<i>alendronate sodium oral tablet 10 mg</i>	1	MO; GC; QL (30 EA per 30 days)
<i>alendronate sodium oral tablet 35 mg, 70 mg</i>	1	MO; GC; QL (4 EA per 28 days)
<i>calcitonin (salmon) nasal solution 200 unit/act</i>	2	BvD; MO; GC; QL (4 ML per 28 days)
<i>calcitriol oral capsule 0.25 mcg, 0.5 mcg</i>	1	BvD; MO; GC
<i>calcitriol oral solution 1 mcg/ml</i>	4	BvD
<i>cinacalcet hcl oral tablet 30 mg, 60 mg</i>	4	BvD; QL (60 EA per 30 days)
<i>cinacalcet hcl oral tablet 90 mg</i>	5	BvD; QL (120 EA per 30 days)
<i>ibandronate sodium oral tablet 150 mg</i>	1	MO; GC; QL (1 EA per 30 days)
NATPARA SUBCUTANEOUS CARTRIDGE 100 MCG, 25 MCG, 50 MCG, 75 MCG	5	PA
<i>paricalcitol oral capsule 1 mcg, 2 mcg, 4 mcg</i>	4	BvD
PROLIA SUBCUTANEOUS SOLUTION PREFILLED SYRINGE 60 MG/ML	4	QL (1 ML per 180 days)
<i>raloxifene hcl oral tablet 60 mg</i>	2	MO; GC
<i>risedronate sodium oral tablet 150 mg</i>	2	MO; GC; QL (1 EA per 28 days)
<i>risedronate sodium oral tablet 30 mg, 5 mg</i>	2	MO; GC; QL (30 EA per 30 days)
<i>risedronate sodium oral tablet 35 mg, 35 mg (12 pack), 35 mg (4 pack)</i>	2	MO; GC; QL (4 EA per 28 days)
<i>risedronate sodium oral tablet delayed release 35 mg</i>	2	MO; GC; QL (4 EA per 28 days)
<i>teriparatide (recombinant) subcutaneous solution pen-injector 620 mcg/2.48ml</i>	5	PA; QL (2.48 ML per 28 days)
TYMLOS SUBCUTANEOUS SOLUTION PEN-INJECTOR 3120 MCG/1.56ML	5	PA; QL (1.56 ML per 30 days)
XGEVA SUBCUTANEOUS SOLUTION 120 MG/1.7ML	5	PA; QL (2 ML per 28 days)

## OPHTHALMIC AGENTS

### *Ophthalmic Agents, Other*

You can find information on the symbols and abbreviations on this table by going to page 10 of the introduction. 2024 Astiva, Formulary ID 24452, Version 10, effective 04/01/2024. Last updated 04/01/2024.
