It's Not Too Late to Get Your Annual Wellness Exam Done!

It is important to talk to your physician about regular health screening. It is better to prevent an illness than to treat it. As a Medicare beneficiary, you can take full advantage of getting this visit done at zero out of pocket cost.

For certain preventive screenings, Astiva Health will also incentivize you with a spending allowance. Please refer to the back cover page of this newsletter for more details. Please refer to the back cover page of this newsletter to find out more details.
